Daniya Asefa

Aspiring AI-Powered Full-Stack Developer | React · Node.js · AI

Ethiopia | contact@daniyaasefa.com | github.com/daniyacodes | linkedin.com/in/daniya-asefa-08462433a

PROFILE

Aspiring AI-powered full-stack developer focused on building responsive web applications with React, Node.js, Express, and databases. Interested in practical AI application development, including retrieval-augmented generation (RAG), embeddings, and semantic search. Brings a careful, research-oriented approach and a commitment to understanding systems deeply.

TECHNICAL SKILLS

Frontend: HTML, CSS, JavaScript, React, Next.js, Tailwind CSS, Bootstrap, responsive design
Backend: Node.js, Express.js, REST APIs
Databases: MySQL, MongoDB
AI concepts: RAG workflows, embeddings, semantic search
Tools: Git, GitHub, Postman

SELECTED PROJECTS

GPT Clone — AI Chat Application

Live: chat.daniyaasefa.com

Built a ChatGPT-inspired web application with a React frontend and an Express/Node.js backend. Explores conversational user interfaces and integrating AI-powered responses.

Evangadi Forum — Community Q&A

Live: forum.daniyaasefa.com

Developing a full-stack Q&A platform for asking questions and sharing answers, with work involving frontend/backend integration and AI knowledge retrieval concepts such as RAG and semantic search.

Netflix Clone

Status: In development

A streaming-service interface recreation for practicing component structure, responsive UI, and browsing experiences.

EXPERIENCE

Junior Web Developer Intern

Evangadi Networks | Dates to be confirmed

Practical frontend development experience using HTML, CSS, and Bootstrap, with a focus on responsive interfaces and strengthening web development fundamentals.

EDUCATION

Full-Stack Web Development Program

Evangadi Networks | Final project in progress

Completed the learning program; the final project is being completed as part of the certificate process.

Clinical Pharmacy

Dream Science and Technology College | 2021–2025

Graduated in Clinical Pharmacy. Now focused professionally on software development and AI-enabled web applications.
